To Our Valued Customers:

As you are aware all major mills have now announced a price increase due to the rising cost of recycled fiber, pulp and other related manufacturing cost.

Due to these increases, Manchester Industries will be raising it's prices to cover these cost on all grades to include, Chip, CCNB and SBS by approximately 6.5% to be effective with shipments on or after May 1, 2010.

Your local sales representative will be in contact with you to discuss the specific details.

Best regards,
