Pitt Plastics Valued Customers:

Polyethylene suppliers have recently implemented yet another round of increases. Continued strong export demand, increased feedstock costs and historically low inventories remain the primary justification for these repeated cost adjustments.

As a result of these increases, Pitt Plastics will implement a **6% increase** on all pricing for orders placed on or after **March 2, 2010** with standard lead times. In addition, loading orders will not be accepted.

Your Pitt Plastics representative will be in contact with you to discuss this announcement and answer any questions you have. We thank you for your continued support.

Sincerely,

A handwritten signature in black ink that reads "Matt O'Doherty". The signature is written in a cursive style with a long, sweeping underline.
