

December 31, 2009

Dear Valued Customers:

Contrary to our expectations, the resin companies have successfully implemented another price increase. With exports strong and supply tight the price increase is firm.

As a result of the increase Aluf Plastics must raise our prices by 10% on all orders placed on or after January 25, 2010.

Please note that all orders placed prior to the increase date must be limited to your usual purchasing levels and shipped within our current lead times.

Aluf Plastics greatly appreciates your continued support and business, especially during these challenging times. We look forward to providing you with the quality products you have come to expect from us.

Sincerely,

Gabriel Kahana  
Vice President & COO
